# INTRODUCTION AND GENERAL INDEX

-----

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Greensboro City Directory since 1903), present to subscribers and the general public, this, the 1955 edition of the Greensboro City Directory, which also includes Bessemer Sanitary District, Dogwood Forest, Garden Homes, Guilford College, Guilford Homes and Lawndale Homes.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that shows the name, marital status, occupation and address of each adult resident of Greensboro and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under the appropriate headings. This feature constitutes an invaluable and indispensable catalog of numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

## Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro and vicinity.

## The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

# GREENSBORO

ONE OF THE SOUTH'S IMPORTANT DISTRIBUTION CENTERS  
(Courtesy Greensboro Chamber of Commerce)

Monument to Gen. Nathanael Greene,  
Hero of the Battle of Guilford Court  
House

Greensboro, located in almost the geographical center of North Carolina, has long been a transportation focal point that in early years contributed much to the city's present size and position.

Because of its central location, Greensboro was placed on the main railroad lines and highways. And when airline facilities were being installed around the country in the 1920's, the city was included in the first north-south mainline service. These transportation facilities and its location were among the more important factors that have made Greensboro natural as an industrial and distribution site, both wholesale and retail.

In its early years, Greensboro became the home of several colleges and is now one of the educational centers of the nation. This, of course, has contributed much to the cultural growth so that the city is a well-rounded, progressive community.

Greensboro, known as "The Insurance Center of the South," is the home of the world's leading textile manufacturers, is a leader in education, and will soon be a location of one of the world's largest cigarette manufacturers, P. Lorillard Co.

### General Review

GUILFORD COUNTY--Settled chiefly between 1750 and 1770 by the Ulster Scots, English and Welsh, Quakers and Germans, the county was established in 1771 from parts of Orange and Rowan counties. It was named after the Earl of Guilford. Containing some 624 square miles, Guilford County in 1950 has a population of 191,057.

GREENSBORO--The county seat was chartered in 1808 and named after Gen. Nathanael Greene, American leader in the Battle of Guilford Courthouse. U.S. Census figures show steady growth: 1890-3,317; 1900-10,035; 1910-15,895; 1920-19,861; 1930-53,569; 1940-59,319; and 1950-74,389. The population is 99.9 per cent American-born with Negroes making up twenty-five per cent of the total.

POINTS OF HISTORIC INTEREST--Battleground National Park is located on the site of the Battle of Guilford Courthouse. Here Gen. Greene fought one of the final and significant battles of the Revolution in North Carolina and the losses Cornwallis suffered contributed in large part to his surrender at Yorktown several months later. Maintained as a national park, the site has a historical museum and many monuments, including Gen. Greene, Winston, Caldwell, and the famous "giant," Peter Francisco.

O. Henry, one of the most famous writers of this country, was born in Greensboro. A bronze tablet on the Masonic Temple identifies his birthplace. O. Henry exhibits are to be found at the Greensboro Public Library and the O. Henry Hotel.

Dolly Madison's Well--This site, identified by a marker near Guilford College, marks the birthplace of the wife of the fourth U.S. president.

The birthplaces of Dr. David and Rachael Caldwell, early educators, are marked by plaques on Friendly Road.

The Greensboro Historical Museum, containing many well-preserved relics from the city's past, is located in the Municipal Center on Church Street.

### COMMERCE AND TRADE

Greensboro is easily accessible to a 50-mile trade area with a population of about 1,500,000. Retail sales for the area in 1953 totaled \$605,745,000.

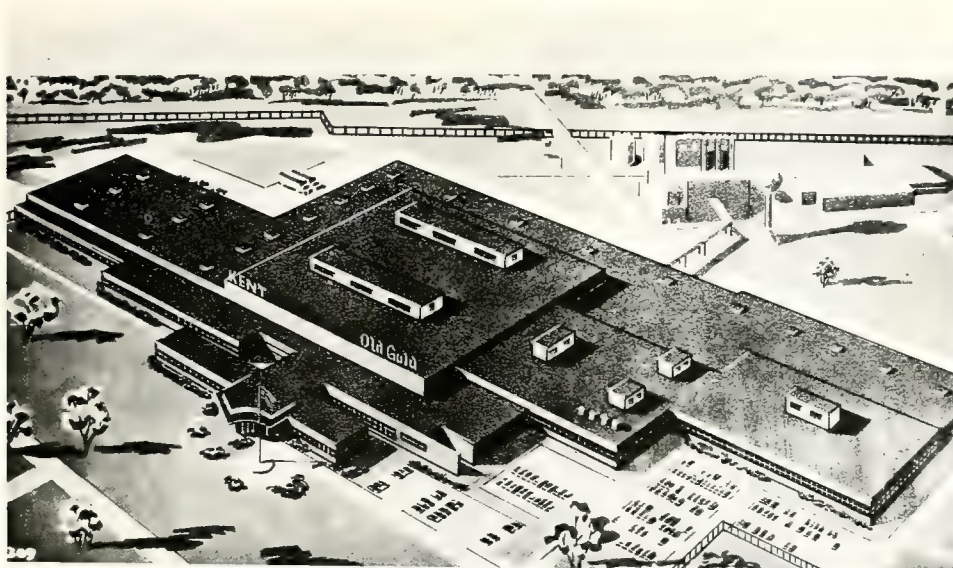

Greensboro is the principal market of the northern Piedmont section of the State. There are some 1,500 retail, service and professional outlets and nearly 2,000 salesmen and agents who distribute a wide variety of merchandise of a much larger territory.

The home offices of several large insurance companies, plus territorial and general agencies of many national firms, have given the city its title of the "Insurance Center of the South."

Although not the largest tobacco market in the Old Belt, Greensboro's market is growing the most rapidly of any in the section. Reactivated in 1949 after twenty-five years of inactivity, the market has increased its sales faster than any other in the Old Belt. This growth is due mainly to the excellent management and Greensboro's location in the center of one of the nation's finest tobacco-growing areas.

Annual sales since 1949 have been: 1949-1,935,084 pounds; 1950-3,102,664 pounds; 1951-5,894,950 pounds; 1952-8,681,812 pounds; 1953-5,577,000; and 1954-9,060,534.

P. Lorillard Co.

## GOVERNMENT

Greensboro is administered by a non-partisan council of seven members elected at large who employ a full-time city manager, an office now held by Gen. James R. Townsend.

Good management of the city is reflected in nationally-recognized superiority in public health administration, reduction of fire losses and low insurance rates, salability of municipal bonds, efficient police protection, well-paved streets, and modern sewerage and sanitation facilities. These and other evidences of good government have given Greensboro an atmosphere of enterprise and well-being.

Administering the affairs of Guilford County is a commission of five members elected at large. With its county manager, it is generally regarded as one of the best managed counties in the State, and is frequently pointed out as a model by the N. C. Institute of Government.

## EDUCATION

Guilford County has nine institutions of higher education with about 7,900 students; eighteen modern consolidated rural public high schools, and thirty-one urban public schools with an enrollment of 17,011.

Woman's College of the University of North Carolina—this is the largest residence woman's college in the U.S. with advanced schools of music, art, dramatics, home economics, physical education, and secretarial science. Ranking high among the liberal arts colleges in America, Woman's College grants bachelor of arts and science degrees and offers graduate work. It was founded in 1891. Dr. Edward K. Graham is the chancellor.

Greensboro College (Methodist)—For a century this college has been regarded highly as a liberal arts school for young women. Courses are offered leading to bachelor degrees in music, dramatics, and cultural subjects. The president is Dr. Harold H. Hutson. Number students enrolled—379. Value of college property—\$2,021,272.40. Number volumes in college library—35,000.

Guilford College (Quaker co-ed)—This accredited liberal arts college was chartered in 1834. Dr. Clyde A. Milner is president.

Greensboro Evening College Division of Guilford College—Accredited college courses are offered in night school with particular attention to adult education by the Evening College. Director Grady Love maintains headquarters in downtown Greensboro.

High Point College (M. P.)—This institution was founded in 1924 at High Point to offer liberal arts courses leading to bachelor degrees. Dr. Dennis Cook, president.

Oak Ridge Military Institute (R. O. T. C.)—Founded at Oak Ridge in 1851, this boys' preparatory school holds a long record for highest rating by the War Department. Col. T. O. Wright is the commandant.

Agricultural and Technical College (N.)—Founded by the State of North Carolina in 1891, A & T is now the second largest Negro college in the U.S. Bachelor degrees are offered. Dr. F. D. Bulford is president.

Bennett College (N.)—Liberal arts courses and bachelor degrees. This is the oldest (founded in 1873) of the four Negro colleges in Greensboro. Dr. David D. Jones is the president.

Immanuel Lutheran College (N.)—Senior high school departments, junior college, and a theological seminary make up its curriculum. Founded in 1903, the college is now headed by Dr. William H. Kampschmidt.

Palmer Memorial Institute (N.)—This liberal arts school was founded in 1902. Dr. Charlotte H. Brown is president emeritus.

## INDUSTRY

According to the Employment Security Commission of North Carolina, Guilford County has a total labor force of 99,000 in 1954. The average weekly wage was \$57.35, for an annual payroll of \$189, - 663,324.

Greensboro's industrial structure is a broad one. The city has cotton, silk, and synthetic textile mills; women's full-fashioned hosiery and men's hose mills; woodworking, laundry, sawmill, farm tool, machine tool, and sheet metal industries; general foundry and stove works; ornamental iron and steel fabricators; overalls, work pants, and sleeping garment plants; fertilizer plants; belting and textile specialities factories; lumber and mill work plants; chemicals and pharmaceutical manufacturers; coffee roasting, flour and food products plants; auto body builders; railway repair shops; ice cream and dairy products plants; printers and bookbinders; and a variety of speciality manufacturers.

Cone Mills Corporation  
Greensboro Plants

Pilot Life Insurance Company Home Office

Cone Mills is the largest producers of cotton denim in the world. The largest textile manufacturers in the world, Burlington Industries, Inc. (formerly Burlington Mills) maintains its headquarters and has several plants in the city. The Blue Bell Overall Co. is the largest in America, and the Mock-Judson-Voehringer (Mojud) Hosiery Mill and Pomona Terra Cotta Co. are the largest in the South. The Vick Chemical Co. and its many products are known around the world.

Also located in Greensboro are the purchasing offices of J. P. Stevens & Co., Inc., and executive offices of Carter Fabrics; a multi-million-dollar Sears, Roebuck and Co. mail order plant; a folding carton plant of the Container Corp. of America; a redrying plant of R. J. Reynolds Tobacco Co.; and an electronics plant of Western Electric Co.

The principal industrial advantages are climate, good living and working conditions, availability of intelligent native labor, efficient public utilities, adequate power, competitive transportation facilities, accessibility to raw materials and markets, low taxes and insurance, and good government.

### TRANSPORTATION

Regular daily schedules include: 18 passenger trains, 184 busses, 32 airline flights, 15 freight trains, and 23 package cars.

Greensboro is the center of rail, highway, and air transportation of the northern Piedmont. It is served by the main line of Southern Railway (double track) that runs north and south. Here also is the east-west line of the N. C. Railroad (southern operated), and the Southern Railway lines: Greensboro to Winston-Salem and Mt. Airy to Sanford and points beyond.

Modern union passenger, mail, and express terminals are maintained with free pick-up and store delivery on LCL shipments. The Railway Express Agency has express service on practically all passenger trains. This makes available passenger train express service at railroad freight rates to all points in the State and to a large portion of Georgia, South Carolina, Tennessee, Virginia, and part of West Virginia.

More than 2,500 miles of hard surfaced highways within a radius of fifty miles provide a means of easy access to Greensboro for the 175,000 automobile owners in the area.

Standard bus lines travel in eight directions to connect all principal cities. Atlantic Greyhound, Carolina Coach, and others operate under State regulations and clear through a union terminal.

The Greensboro-High Point Airport, a pioneer in the Southeast, serves the two Guilford County cities. The airport is on Eastern Airlines' main line and is also served by Capital Airlines and Piedmont Airlines. In addition to paved runways, the airport also has a weather bureau, hangers, restaurant, and complete radio equipment.

Greensboro also has a large number of trucking companies with excellent warehouse facilities. The companies operate large fleets in all directions which adds further to the city's transportation facilities. This, and the density of population, make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

### RECREATION

Few sections offer greater opportunity for year-round living out-doors or more varied recreational advantages. The extent to which people in all walks of life participate in outdoor activities has a dis-

tinct influence on community health and well-being. Greensboro has won repeatedly national recognition in municipal health contests.

The World War Memorial and Senior High School stadia provide settings for football games, day and night baseball, inter-state track meets, tennis tournaments, and others.

A city-county park provides three lakes for fishing and boating. A recreation center near Jamestown affords a modern swimming pool with boating and fishing at Lake Brandt. Windsor Community Center, a recreational spot for Negroes, is one of the finest in North Carolina.

At Sedgefield, sportsmen ride to the hounds. The countryside abounds in quail and other game and several game preserves are maintained. There are numerous private clubs and camps nearby with hundreds of acres of land and water area.

Sedgefield Inn

Championship eighteen-hole golf courses, municipal and public golf courses, private tennis courts, and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield, and Greensboro. A total of 557 acres is reserved for parks and playgrounds by Greensboro, and a full-time recreational director is employed to promote activity throughout the year.

Pinehurst and Roaring Gap resorts are within two hours' drive, and the city lies between the mountain and seashore resorts.

### RELIGIOUS FEATURES

The church has always been a powerful and constructive force in the life of every Guilford County neighborhood. The Quaker meeting House at New Garden (now Guilford College) was established in 1752 and Old Buffalo Presbyterian Church organized in 1756.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome places of worship. There is a broad religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around their neighborhood churches and urban churches also have highly developed social programs.

### SOCIAL and CULTURAL ACTIVITIES

Modern country clubs at High Point, Sedgefield, Starmount, and Greensboro have handsome club-houses where many social gatherings are held: riding, fox hunting, musical programs, dancing, bridge, tennis, skeet, swimming and others. Each year the Greater Greensboro Open Golf Tournament is held at one of the country clubs with the event scheduled for Sedgefield this spring. This tournament attracts the top golfers in the U.S. and draws galleries of many thousands.

Regular music and lecture courses bring outstanding attractions to the city: concert artists, symphony orchestras, plays, authors, and lecturers. Three auditoria seat 2,700, 1,585 and 1,100 respectively.

The famous "Playmaker" organization of Woman's College and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.
